RECEIVED  
MAY 6 1982  
MINERALS MANAGEMENT SERVICE  
ALBUQUERQUE, NEW MEXICO

Dear Don:

The most reliable surface survey control on the Laguna Lease are the stations set by T. R. Mann & Associates for their 1981 aerial photography.

These stations are posted on the enclosed map, which also has a tabulation of their coordinates and elevations.

Please call me if you need more information.

Sincerely,

  
Z. E. Arlin
